Orlando Wasted Dues Money No Representation or Local in MCO

75% of Your Dues is spent on the Union Officers and their Appointed Business Agents and Employee Salaries, Pensions, Medical Benefits, Cars and Overhead of the Local.
The Teamsters International takes the rest leaving nothing for the MCO Technicians.

Annually, more than 500 United Technicians in MCO contribute over half a million dollars to the Teamsters and receive nothing from [Local 769 300 miles away in Miami](#).
The UAL Technicians in MCO are ignored, despite the millions paid to the Teamsters over the last 20 years.
The Teamsters 769 Officers take your dues for their own excessive Salaries, Pensions, and Benefits.

There is no money left over for daily representation in MCO, to pay the shop stewards, to defend or negotiate a contract for the MCO membership. The Teamsters bring back poor contracts with substandard Union sponsored medical Plans like Teamcare or a failing IBT Pension Plan. The MCO Technicians remember the Teamsters pushing the failing Western States Pension Plan to replace CARP during previous negotiations.

Below is where Your 2016 MCO Dues money was spent by the Officers of Local 769 in Miami

Local 769 Officer Salaries who most UAL Techs have never seen take **9% or \$505,435.00**
