### **Filing Deadline for the Second Amended Complaint Extended**

We wish to inform you of the status of Plaintiffs' submission of the Second Amended Complaint. The parties - Plaintiffs and Defendants - entered into a Joint Stipulation, which was submitted to the Court last week, to extend the deadline for Plaintiffs to submit their Second Amended Complaint to Court on or before **June 29, 2020**.

The Court granted this request and issued a "minute order," officially extending the deadline to file the Second Amended Complaint until **June 29, 2020**.

This minute order can be viewed in the docket for the case - it is just not a separate, written document attached to the docket; a minute order is simply typed into the docket and it can be read directly from there.
