

## March 2021 American Techs Just got another raise. 5 Year AMR Techs Earn \$15.94 More an Hour

After the 2020 Teamsters “Industry Reset” United Techs fall further behind their counterparts at American. Teamsters United Negotiators were dragged out of bed at 2 in the morning by their union bosses Clacy Griswold and Bobby Fisher knocking on their hotel room doors to sign a contract at 3 am in the morning. **They voted for this Industry Reset model and today *not one of them has spoken out against it even though our Technicians are from \$5 dollars to \$16 dollars behind our peers at American Airlines.*** This is what happens when dishonest union reps negotiate your contract in secret negotiations. **All Junior United Technicians should [file grievances against the 2020 Reset.](#)** Check out the [2021 difference in Base hourly rates.](#)

Step Year	American Tech March 2021	IBT United Tech 2021	Difference in Hourly Pay
0 -1	\$29.26	\$23.14	\$6.12
1-2	\$31.78	\$26.99	\$4.79
2-3	\$33.82	\$28.88	\$4.32
3-4	\$36.06	\$29.36	\$6.70
4-5	\$38.57	\$30.51	\$8.56
5-6	\$48.91	\$32.97	\$15.94
6-7	\$49.01	\$35.44	\$13.57
7-8	\$49.11	\$40.60	\$8.51
8-9	\$50.18	\$44.89	\$5.29

**United Technicians now average \$8.20 less than their peers at American, over 9 years that is \$153,000.00 less in wages. Why would any Technician hire on under a Teamsters contract? Lower Pay and Benefits and a Union that will not enforce the contract.**

**Our Junior UAL Technicians will move on to higher paying Airlines like American and Delta. If you want this to change you need to sign your ALTA card and get involved in our organizing drive, it is time to vote out the Teamsters and their union lapdog reps at United Airlines.**
